

Trial Period

We understand that preschool can be an adjustment and every child is different. That is why we utilize a 4 week trial period for all children and continues throughout their time with us. The school staff will evaluate each child on their readiness and will communicate with the director if the child's needs cannot be met in our program. If a child is continuously struggling with separation anxiety, is not socially or emotionally ready, has needs beyond our capacity, or cannot grasp or follow important concepts / rules in our program, it may be requested to withdraw your child. We understand how sensitive this might be for parents, and as child care providers and advocates, we want you to know that we always have the child's best interest in mind.

By enrolling your child and choosing our program, you understand and agree that your child will be on a trial period the first month of enrollment and continuously throughout their time with us, and trust our judgment as care providers.
